Chehocton

DEDICATION

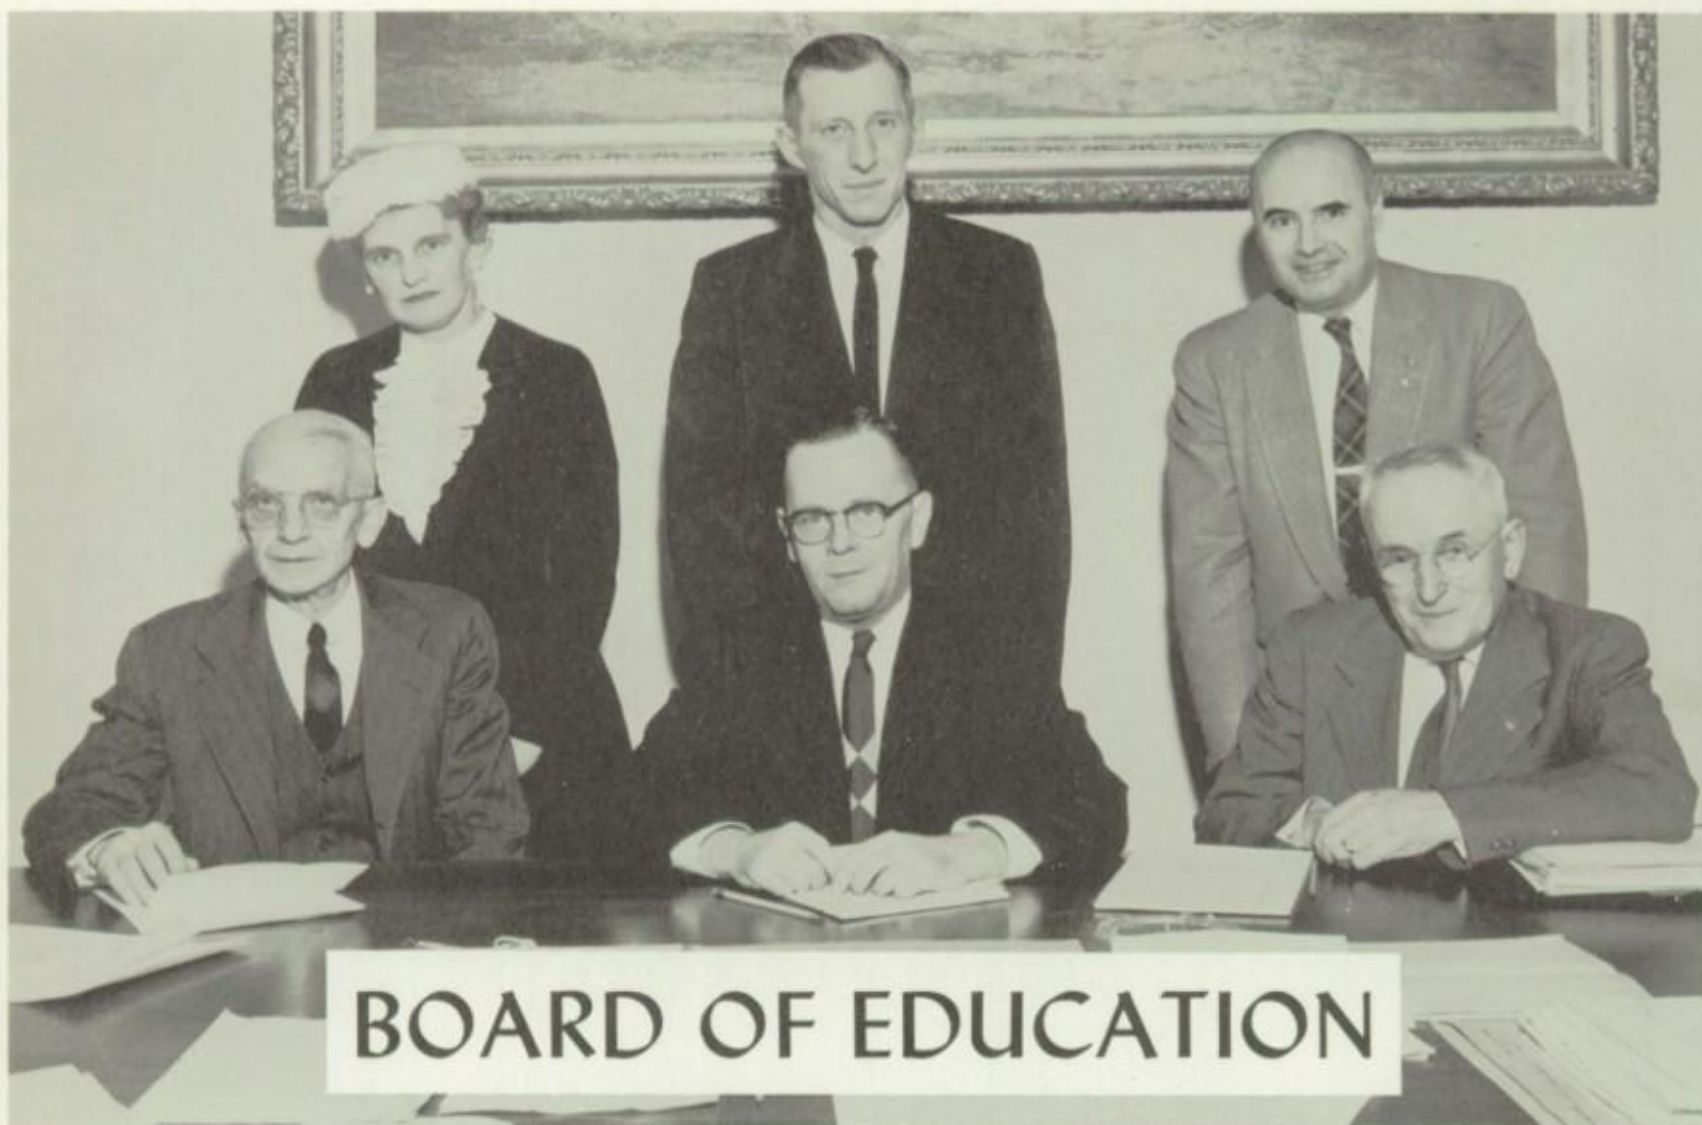

MRS. ELVA H. MACK

We, the class of 1957, dedicate our yearbook, The Chehocton, to our advisor Mrs. Mack.

It is difficult for us to express the gratitude and deep affection we hold for her. She who guided us in time of indecision, helped us in time of trouble, and advised us in time of need for advice. Through her unselfishness and generosity many things, which we alone could have never accomplished have been accomplished.

Thanks is a small word for such an esteemed person, but we thank you, Mrs. Mack, for all you have done for us.

First row, left to right: Robinson, G. J. Gilleram, W. H. O'Neill. Second row: Mrs. Helyne Hillman, E. W. Bouchoux, E. S. Onody, Supervising Principal.

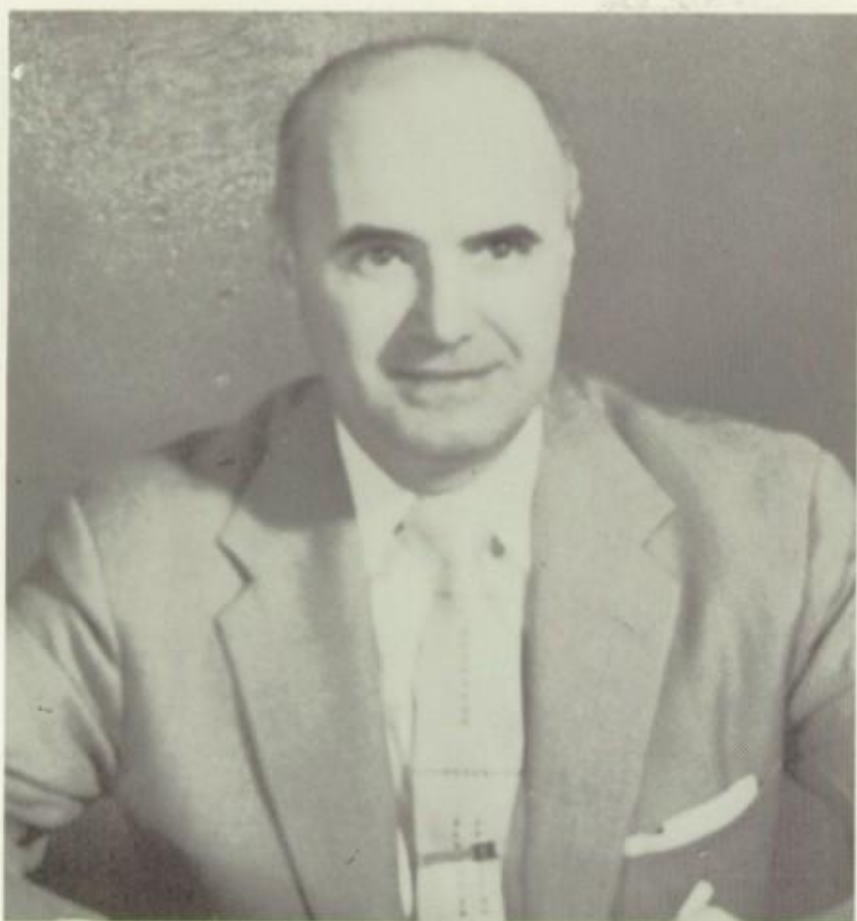

MR. J. EDWARD SMITH

District

Superintendent

First row, left to right: B. Faling, J. Bouchoux, B. English, D. Krause, J. DeSerio. Second row: Mrs. Mack, J. Pellicano, M. Hartz.

To the Class of 1957:

As you confidently step forth to meet the future and pause upon the threshold of tomorrow, I hope you will carry with you these things:

Strength enough to know when you are weak.

Courage enough to face yourself when you are afraid.

Humility enough to always remember the simplicity of true greatness.

Open-minded enough for true wisdom.

Meekness enough for true strength.

Humble enough in victory, yet proud and unbending in honest defeat.

Finally, that to know yourself you have discovered the foundation stone of knowledge.

Congratulations to you, the Class of 1957. May your future be bright and shining and your accomplishments be a credit to your Alma Mater.

Edward S. Onody

Dear Seniors of 1957:

It was Plato who said, "The direction in which education starts a man will determine his future life."

You have been with us for twelve years of this "education," and now it is time for you to assume your responsibility. Set your goals high!

As a class and as individuals, you have left your mark at the Hancock Central School--and we know we can always feel proud of you, the Class of 1957.

The very best of everything good in life to all of you.

Sincerely,
John Podbelski

SCIENCE DEPARTMENT

This year, H.C.S. was very fortunate in having, as guest teacher, Mr. Paul Shover a traveling Nuclear Science Teacher. Mr. Shover is a public school teacher from Allentown, Pa., who was trained at Oak Ridge, Tennessee by the National Science Foundation. The Foundation trained several teachers for the express purpose of visiting schools such as Hancock, in an attempt to more fully educate the high school level in the new fabulous field of Nuclear Energy.

Hancock was one of the lucky 200 out of 1200 applied schools that benefited from this program.

Special credit should be given to Mr. Lester for submitting Hancock as an applicant, and making Mr. Shover's week here interesting, educational and enjoyable.
